Directions:

Please answer the following items based upon your experience observing the student intern. It is important that you be objective and candid in your assessment of the intern, as your *responses carry credibility to the process.* If you have not had the opportunity to observe the student's skill level in a particular area, please respond N/A: "No Opportunity to Observe."

Any item receiving a score of 1 requires the supervisor to comment on the reason for this score.

For each of the ratings above in Part I, evidence (examples of performance) can be provided for any rating in the online form, but examples must be provided for any skill with a rating of 1. If using the paper form to complete the assessment, please add required examples on additional pages marked to coincide with the rated dimension.

Part II. Position-Specific Technical Skills

Please list one to three position-specific technical skills of particular significance in your industry, occupation, workplace, or project that the student was clearly expected to demonstrate during the internship. *Please do not repeat general skills assessed in Part I*. Examples of position-specific skills could include computer networking, accounting skills, event planning, and second language fluency, that might appear as requirements on a job description. **Part II is currently optional and does not count toward the student's certification.**

Please rate the student on these skills demonstrated according to the rating scale below:
